

Recycling Service - Information for Traders

Local environmental organisation Action 21 is providing a recycling service. We do this to divert the recyclable waste generated at the event from landfill. This leaflet provides information about where, when and how you can dispose of the waste you generate.

<p><u>Cans, glass and plastic bottles</u></p> <p>We provide recycling banks around the site for cans, glass and plastic bottles and encourage you to dispose of small amounts of recyclable waste in these banks during the event.</p> <p>If you have a large quantity of any type of recyclable waste please bring it directly to the Action 21 station.</p> <p>Plastic cups are not recyclable at this festival unfortunately and go in general rubbish</p>	<p><u>Cardboard</u></p> <p>Please flatten your clean cardboard (from packaging etc) and take it directly to the Action 21 station where there will be bins for cardboard and paper.</p> <p>Cardboard cups and plates are ‘contaminated’ once used for food and cannot be recycled. These have to go in general rubbish unfortunately.</p>
<p><u>Compostable waste</u></p> <p>This includes food waste (raw and cooked meat and vegetables, tea bags, coffee grounds, bread, processed food etc)</p> <p>Unfortunately this doesn’t include oil or liquid fat or any food packaging</p> <p>We will provide traders with composting facilities. There will not be any facilities for the public to use.</p>	<p><u>Paper</u></p> <p>Clean paper (newspapers, flyers, leaflets etc) can be recycled in bins at the Action21 station.</p> <p>Paper cups and plates are ‘contaminated’ once used for food and cannot be recycled. These have to go in general rubbish unfortunately.</p>

All of the Action 21 people you see at this event are volunteers and are helping out because they’d like to prevent all of the waste from this event going to landfill. Please support them by being as co-operative as possible and following the guidelines above.

FOOD VOUCHERS SCHEME- Action21 provide a meal for Volunteers during their Recycling Shift. We issue them a voucher to the value of £4.50 which they can claim for food at one of the catering stalls. At the end of the event, the caterers bring any vouchers claimed from your stall to the Action21 stall for reimbursement of funds. **If you would *not like* to participate in the Food vouchers scheme - please let us know.**
